Status of Pre-Application Discussion

Pre-Application Discussions are provided by officers on behalf of Belfast City Council. It is informal advice only and not binding on any future decision that the council may make once a formal planning application has been submitted.

All advice given is on the basis of the information available at the time. The planning application process involves consultation with neighbours and technical consultees and it will not be possible to predict all the issues that will arise once a planning application is submitted. Moreover, not all planning decisions are made by officers, with some applications, including all proposals for Major development, decided by the Planning Committee.
